

# *Oil and Gas Equipment and Services Commercial Service Trade Mission*

*Vietnam · Singapore · Malaysia  
June 6-14, 2005*

**Meet your match in Southeast Asia.** Join the U.S. Department of Commerce's Oil and Gas Equipment and Services Trade Mission to Hanoi, Vietnam; Singapore; and Kuala Lumpur, Malaysia, June 6-14, 2005, and meet prospective distributors, agents, and strategic business partners.

**Prospects are excellent** for American firms, with particularly high demand for pipeline and tubular goods, drilling equipment, surveying technology, and safety products:

- **Vietnam** will require a \$19-\$20 billion investment by 2010 to sustain the 10%-15% annual growth in its oil and gas industry projected for this period.
- **Singapore**, the world's third largest oil refining and trading center, will open more doors to U.S. firms with the U.S.-Singapore Free Trade Agreement.
- **Malaysia** offers a growing \$575 million oil and gas market, with vast areas ripe for exploration. More than 60% of imported equipment comes from the U.S.

## **Pre-screened meetings – and more:**

- One-on-one appointments with top-quality contacts
- Logistical support
- Market briefings
- Follow-up assistance when you return
